

HEADLINE COMEDY SHOW

HILARIOUS

Everyday objects come to life in their talented hands.

Golf clubs balance in impossible configurations and cabbages collide midair with flying blow darts while blazing torches, 16-pound bowling balls and razor-sharp garden weasels fly effortlessly overhead.

Using **audience participation, hilarious improvisation, and great comic dialogue**, the **Raspyni Brothers** pack their time on stage with a dynamic mix of skill and style. Performing together since 1982, these two **catchers in the wry** never fail to win over even the most demanding, hard-to-please crowds.
